Certificate of Declaration for Portable Appliance Testing (PAT Testing)

We hereby declare that all portable electrical appliances used by Caroline Stereo Disco in support of services provided are subject to periodic PAT testing and electrical safety checks in line with recognised IEE codes of conduct and requirements of the Electricity at Work Regulations.

All such devices are clearly labelled so indicating Equipment reference number, Date of last Safety check / Test. These activities are referenced and managed in accordance with our operating procedures and are included in our Method Statement, detailing safe working practices. All testing is performed by City & Guilds 100/43391 Level 3 electrical testing personnel.
